Art Unit: 2857

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 2-2-07 has been entered.

2. This application is in condition for allowance except for the following formal matters:

a) The reply filed 2-2-07 contains a clean copy of page 3 of the specification for entry. However, the Examiner respectfully states that there is no provision in the MPEP for the filing of substitute pages to replace individual pages of a specification. One possible way to correct the overprinting problem on page 3 of the specification, cited in paragraph 6 of the prior Office action, would be the submittal of a substitute specification. Appropriate correction is required.

b) The statement of continuing data added in the reply filed 2-2-07 does not indicate that the instant application is a 371 of the PCT application and cites PCT/IB2003/000794. However, it appears that the PCT application number is PCT/IB2003/00794. In addition, both PALM and the declaration indicate a claim for priority to EPO 02076202.7 of 03/28/2002. However, the statement of continuing data makes no reference to this EPO application. Appropriate correction is required.

Art Unit: 2857

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Hal D. Wachsman whose telephone number is 571-272-2225. The examiner can normally be reached on Monday to Friday 7:00 A.M. to 4:30 P.M..
